

W

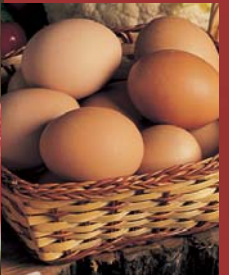

elcome to Oklahoma! Buyers looking for readily available fresh fruits and vegetables will be guaranteed a consistency and quality that other states would find hard to match. Oklahoma farmers' markets offer a wide array of fresh fruits and vegetables along with plant materials suited for an incredible range of climates and environments.

This is an exciting time for Oklahoma Farmers' Markets. Our Oklahoma Grown program has seen many changes in 2006. Oklahoma Grown Farmers' Markets offer consumers the opportunity to buy directly from Oklahoma growers who produce the products. We currently have 35 markets registered with the Oklahoma Department of Agriculture, Food and Forestry that meet all licensure requirements with the Oklahoma Department of Health. Of those 35 registered markets, 23 offer 100% Oklahoma Grown fresh products. These markets are designated by the Oklahoma Grown logo next to the market location.

As consumers continue to become more health conscious and concerned about better eating habits, fresh fruits and vegetables will become more popular. Oklahoma Farmers' Markets have pledged to provide the freshest quality produce that offers considerable value to its customers.

Whether buying fresh vegetables, salad greens, herbs, watermelons, peaches, cantaloupes, meat items, processed jams and jellies, baked items, cut flowers or skin care products, Oklahoma Farmers' Markets are sure to offer everything you, the consumer, needs. Please check the map in this brochure for a Farmers' Market near you.

For more information, contact the Oklahoma Department of Agriculture, Food and Forestry Market Development Services Division (800) 580-6543 or www.madeinoklahoma.net
